

HANDLING CONFIRMED COVID-19 CASES

If a tourist during his stay in Montenegro gets COVID-19 symptoms and is confirmed positive, the procedure is as follows:

a) Procedure in case of SEVERE CLINICAL CONDITIONS

- In case of severe clinical conditions that require urgent attention of health services, the patient is accommodated in the Clinical Center of Montenegro; General hospital Bar, Niksic, or Berane, depending on where the tourist is situated at the time of symptoms and depending on his clinical conditions.

- Transport of patient is done by the Institute for Emergency Medical Aid/health centers depending on clinical conditions and institution where the patient will be directed to. Medical Crisis Committee will be in charge.

b) Procedure in case of MILD CLINICAL CONDITIONS

- If situated in a hotel – positive asymptomatic cases and cases of mild clinical conditions are accommodated in a separate part of the hotel (for example: the highest floor, a separate wing, special units of the hotel), where they remain in self-isolation under health and sanitary monitoring measures until leaving Montenegro, or until they go home in case of a domestic tourist; Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- If situated in a small hotel or registered private accommodation – positive asymptomatic cases and cases of mild clinical conditions must remain in their own room in self-isolation under health and sanitary monitoring measures until leaving Montenegro, or until they go home in case of a domestic tourist; Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- In case of a foreign citizen or citizen of Montenegro is the owner of the facility – positive asymptomatic cases and cases of mild clinical conditions must remain in their facilities in self-isolation while under health and sanitary monitoring measures or until they leave if the individual in question is a foreign tourist; Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- In case of the failure to comply with the prescribed self-isolation measures, the tourists will be sent to quarantine under commercial conditions. Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

HANDLING IDENTIFIED CONTACTS OF CONFIRMED COVID-19 CASES

a) Foreign tourist as identified contact

If a foreign tourist is identified as a contact of confirmed COVID-19 case, he should be placed in self-isolation until he leaves Montenegro, depending on his accommodation;

- If a foreign tourist is in a hotel, he must be accommodated in a separate part of the hotel (for example: the highest floor, a separate wing, special units of the hotel), where he will stay in self-isolation under health and sanitary monitoring measures until leaving Montenegro; Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- If a foreign tourist is in a small hotel or registered private accommodation, he must remain in his own room in self-isolation

under health and sanitary monitoring measures until leaving Montenegro; Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- If a foreign citizen is the owner of the facility, he must remain in his facility in self-isolation while under health and sanitary monitoring measures or until leaving Montenegro; Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- In case of the failure to comply with the prescribed self-isolation measures, foreign tourists will be sent to quarantine under commercial conditions. Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

b) Local tourist as identified contact

- If a local tourist is an identified contact of confirmed COVID-19 case, he must be placed in self-isolation in his accommodation or transferred to the institutional quarantine if there are no conditions for self-isolation. Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

c) Employees in the tourism sector as identified contacts

- If a foreign worker is an identified contact of confirmed COVID-19 case – the employer should provide self-isolation for the foreign employee or proceed to institutional quarantine if there are no conditions for self-isolation at the expense of the state. Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

- If a local worker is an identified contact of confirmed COVID-19 case, he must be placed in self-isolation in his accommodation or institutional quarantine if there are no conditions for self-isolation at the expense of the state. Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

Addressing the issue of covering the costs of isolation and treatment

The state is covering the costs of medical treatment, self-isolation and quarantine for all tourists.

The Ministry of Health and the Health Insurance Fund are obliged to prepare information on the payment method for medical expenses. The Government will allocate the funds from the budget (the Ministry of Finance and the Ministry of Sustainable Development and Tourism) for the costs of self-isolation and quarantine. Operational Committee for Implementation of Measures against the Spread of COVID-19 is in charge;

Safe transport of infected persons to their home countries

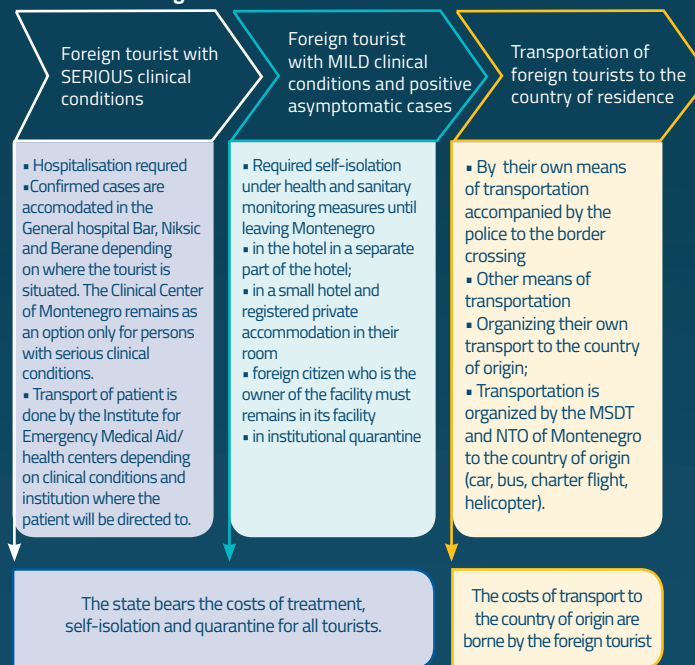

a) Contacts, infected persons with asymptomatic condition or mild clinical conditions who arrived in Montenegro by their own means of transportation will leave the country accompanied by the police to the border crossing.

b) Contacts, infected persons with asymptomatic condition or mild clinical conditions who arrived in Montenegro by other means of transport, leave the country either by:

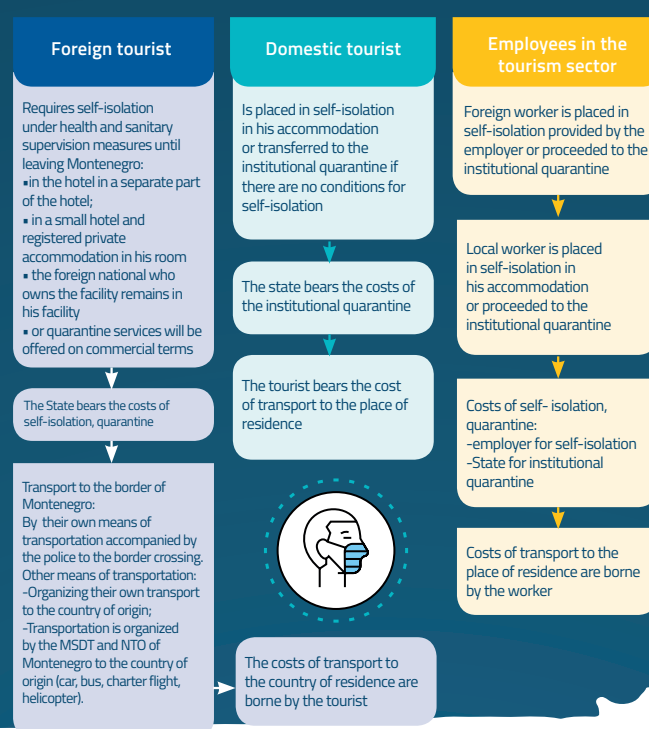

- organizing their own transport to the country of origin;

- transportation organized by the Ministry of Sustainable Development and Tourism and the National Tourism Organization of Montenegro to the country of origin with the assistance of the Ministry of Transport, Montenegro Airlines, the Army of Montenegro, private airlines, MIA (car, bus, charter flight, helicopter). Tourists bear transport costs.
